

November, 2010

*Dear Friends and Clients,*

**Re: SF Partnership, LLP Annual Charity Golf Tournament**

With the summer behind us, and fall in full swing, plans for our Annual Charity Golf Tournament are well underway. Our 11<sup>th</sup> annual tournament will again take place at Nobleton Lakes Golf Club on Tuesday, June 21, 2011. I invite you to please hold the date and plan to join us for a fun-filled day in support of a worthy cause.

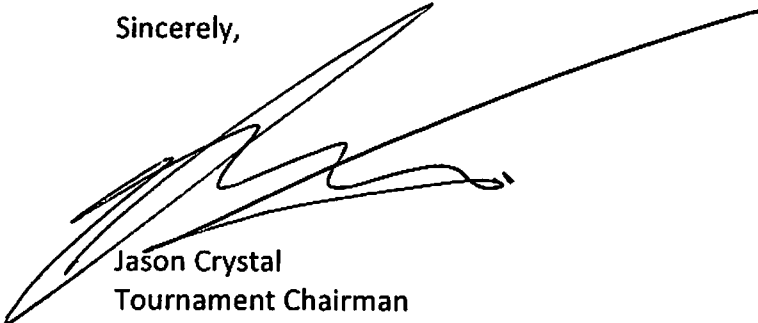

We are proud to once again support the Canadian Centre for Diversity's *Discover Diversity Programs* – interactive programs that educate young Canadians to see beyond stereotypes, to respect difference and to become leaders of positive social change. The educational programs reveal the consequences of discrimination and motivate students to recognize and overcome prejudice by breaking down barriers and building bridges of respect and understanding. In addition, they inspire youth to take what they have learned and become leaders within their own communities and peer groups.

I am enclosing a Registration Form, which I urge you to complete and return to our office at your earliest convenience. As you know, our event sells out early. Your participation does not need to be restricted to a round of golf; we encourage you to consider one of the many sponsorship opportunities.

Over the past 10 years, with your generous help and support, our tournament has raised well over \$630,000, for our Charity of Choice. We hope that through our collective efforts we will contribute in some way to improving and fixing our complicated world.

I would like to extend my gratitude for your continued support of our golf tournament and look forward to seeing and welcoming you on June 21<sup>st</sup>.

Sincerely,

Jason Crystal  
Tournament Chairman
